

RESIDENTIAL CASE STUDY

ANCOATS GARDENS.

Project Summary

Story Decorating's Ancoats Gardens project epitomises modern luxury, boasting 155 opulent apartments with 5-star amenities. Our team's mission was to create a sophisticated living experience for discerning professional tenants, delivering top-notch painting and decorating services over a 16-month period.

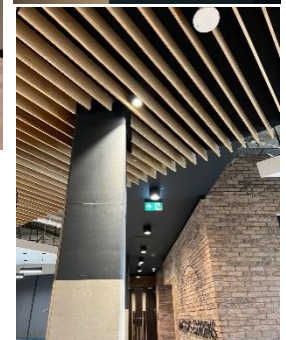

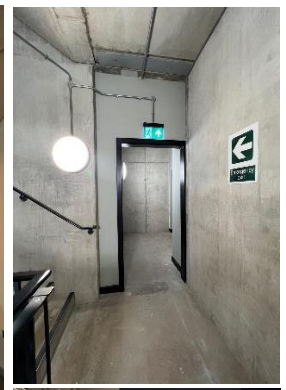

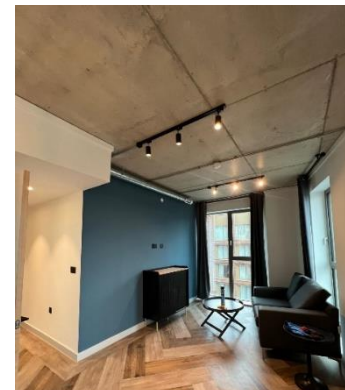

Understanding the significance of luxury and style, our skilled team used premium Dulux products to bring the vision to life. The transformative power of paint played a pivotal role in turning this development into a collection of stunning living spaces.

With 42 different trades on-site, effective coordination was crucial for timely completion and minimal disruptions. Through meticulous planning and seamless collaboration, we achieved exceptional results.

Using a range of Dulux colours, including Light Green, Durable Flat Matt Blue, and 'Almost Black' Durable Flat Matt, we created striking accent feature walls that beautifully complemented classic shades like black, anthracite, white, and off-white Supermatt and Diamond Matt paint.

At Story Decorating, we are committed to environmental consciousness. In the Ancoats Gardens project, we utilised skips provided by the client for waste disposal and implemented the Dulux Recycling program, reducing waste, and minimising our environmental impact.

Ancoats Gardens stands as a testament to our dedication to delivering excellence and elevating spaces to new heights of luxury. Our passion for creating impeccable environments, along with our commitment to sustainability, allows us to transform visions into reality.
