

RESIDENTIAL CASE STUDY BLUNDELL STREET.

Project Summary

Our comprehensive project encompassed the full-scale decoration of 285 apartments situated in Liverpool's city centre. Our services extended beyond the apartments to include communal spaces, shell & core areas, and ground floor commercial spaces.

We decorated all the apartments, communal areas, including shell & core to Ground floor commercial areas, Vac blast/ Diamond Grind to Car park Floor & car park lining & demarcations.

We sprayed metal soffits in Commercial areas using both airless & HVLP systems, also applied digital finished wallpaper in isolated areas.

Specialist application of Kingfisher floor & wall sealer to Concrete stair areas from car park and back of house.

The project's outcome was a clean and sharp finish, resulting in a tidy job with a diverse array of finishes, ranging from commercial and decorative to industrial.

Despite significant delays incurred due to external factors, including the impact of COVID-19 and coordination challenges with other trades, our team delivered a high-caliber job. This achievement is a testament to their dedication and expertise in managing a demanding project under challenging circumstances.
